

**To: Health and Human Services Appropriation Subcommittee**

**From: Richard Oppen, DPHHS Director**

**RE: DPHHS Vacant Positions Report**

---

The attached report contains all HB2 positions vacant as of 01/18/2013.

**What does this report contain?**

For each position we have provided the current recruitment status and additional pertinent information.

The following Recruitment Status descriptions have been used

- Initial - The request to fill has been submitted however; the position is not yet advertised.
- Recruiting - The position is currently advertised.
- Screening - The process of screening applicants, interviewing, and reference checks, etc.
- Filled - An employment offer has been made and accepted. SABHRS HR data does not yet reflect the hire.

**How does this report differ from the version provided on 01/21/2013?**

This report has been manually updated to reflect business processes and timing discrepancies at the beginning and the conclusion of the recruitment → hiring cycle. For example, our initial report only identified positions as being advertised that had made it into the online application system. As we reviewed our information we identified that requests to fill from a previous applicant pool are not included in the online application system and were thus missed in our 01/21/2013 report.

At the end of the hiring cycle is another example. SABHRS is updated with the new employee information when a packet of paperwork is completed by the employee and their supervisor. This paperwork is completed after the employee's start date, creating a timing discrepancy between positions reported in SABHRS as vacant and those truly vacant.

Healthy People. Healthy Communities.  
Department of Public Health & Human Services

Recruiting Status Definitions:

Initial - The request to fill has been submitted however, the position is not yet advertised.

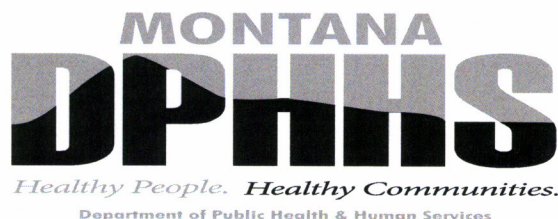

Recruiting - The position is currently advertised.

Screening - The process of screening applicants, interviewing, reference checks, etc.

Filled - An employment offer has been made and accepted. SABHRS HR data, does not yet reflect the hire.
